Product Information Sheet

Vascular Complete®

Description

Vascular Complete provides nutrients that are needed to build strong vascular walls. Our blood pressure puts constant strain on our vascular system. Maintaining strong and flexible walls will prevent ruptures of our vascular system. Vascular complete also promotes healing of venous stasis ulcers, and varicose veins.

Ingredients per daily dose.

Name	Amount	Function
Vitamin C	33.3 mg	Antioxidant, prevents atherosclerosis
Calcium (as Carbonate)	240 mg	Prevents atherosclerosis, and reduces blood pressure
Sodium	10 mg	
Chondroitin Sulfate	66.7 mg	Building block of vascular walls
Alpha-Ketoglutaric Acid	33.3 mg	Amino acid, building vascular wall proteins
L-Arginine	33.3 mg	Amino acid, building vascular wall proteins
L-Lysine	33.3 mg	Amino acid, building vascular wall proteins
L-Proline	33.3 mg	Amino acid, building vascular wall proteins
L-Ornithine	16.7 mg	Amino acid, building vascular wall proteins
Choline	16.7 mg	Needed for cell wall synthesis, phospholipid synthesis
Vascular Complete Base Blend	7 mg	
Rose Hips and Seeds		Natural source of vitamin C
Rutin		Vascular protectant, reduces varicose veins
Hesperididn		Improves healing of venous stasis ulcers
Acerola		Natural source of vitamin C
Citrus Bioflavonoids		Promotes vitamin C uptake
Acerola Fruit Extract		Natural source of vitamin C
