

WEIGHT MANAGEMENT

system

Weight management can be achieved by utilizing the body's natural Cleanse, Burn, and Build functions. Our philosophy is simple: enhance the body's natural processes by providing a balanced nutrition regimen to sustain a new, healthy lifestyle that includes exercise and a healthy diet. It's not a fad, it's a philosophy.*

- Naturally support your body's ability to cleanse itself*
- Naturally enhance your body's ability to burn calories*
- Provides balanced nutrients for a lean, healthy body*

Problem: Before you begin any weight management program, it is important to cleanse your digestive tract so your body can properly process nutrients.

Solution: The Lean Control™ Plus system provides gentle herbs and other natural ingredients that help the digestive tract more efficiently remove wastes, including toxins that may have accumulated over time.*

Problem: Even with regular exercise, most people find it difficult to burn enough calories to make a lasting difference in their weight management efforts.

Solution: The Lean Control™ Plus system features natural stimulants, such as yerba maté, that help speed up your body's calorie-burning metabolism.*

Problem: Losing weight requires reducing calorie intake, but most people find it impossible to completely avoid foods high in dietary fat and carbohydrates.

Solution: The Lean Control™ Plus system combines several innovative ingredients that help move fat and carbohydrates through your digestive tract with less absorption.*

cleanse

To promote better weight management, our Cleanse products help rid your body of contaminants, excess carbs and fats, and other harmful substances.*

ChitoRich™

Natural ingredients such as desert cactus, ocean crustaceans, and aloe vera combine in this powerful supplement to reduce the absorption of fat calories.*

Item 18910 180 capsules

Cleanse Tea

Relax with our soothing, aromatic blend of ginger, lemongrass, and licorice. Cleanse Tea cleanses your body by gently supporting the natural removal of waste and excess water. Enjoy hot or iced.*

Item 19329 30 Tea Bags

EquaLean®

White kidney beans, ginseng, and citric acid combine in this newly reformulated EquaLean to reduce the absorption of carbohydrate calories and energize your body.*

Item 18908 240 capsules

"For me it's about better choices and feeling empowered to make those choices. Today, I have more confidence and energy than ever before. I can't get over how baggy my pants are. I've lost 24 pounds and more than 11 inches. These days, I'm also trying to work out harder and more."**†

nutritional science

Research performed in 1999 on healthy human subjects showed that yerba maté helps induce *thermogenesis*, or natural calorie burning. In addition, this herb helps delay gastric emptying, thus encouraging the consumption of less food.
